

Women-Owned Small Business / WBENC-Certified

## COMPANY OVERVIEW

---

Edwards-Pitman (EP) is a small woman-owned business enterprise that provides high quality ecological and cultural resource surveys and a wide range of federal and state-level environmental documentation and permitting services for numerous federal, state, and local agencies. EP incorporated in 1994 and is headquartered in Smyrna, Georgia. EP is certified as a woman-owned business enterprise by the 13 different state and municipal governments across the southeastern United States, including the Georgia Department of Transportation and the City of Atlanta. In 2016, EP diversified their service lines to include Survey, Subsurface Utility Engineering (SUE), and Construction Engineering Inspection (CEI).
